	EXPORT DETERMINATION <small>(Check one box only)</small>	
EAR 99	<input checked="" type="checkbox"/> NLR	The information contained in the document is technical in content, but is not technical data as defined by the ITAR or the EAR, and therefore is EAR 99 NLR (no export license required). [General Prohibition Six (Embargo) applies to all items subject to the EAR, i.e. items on the CCL and within EAR 99 NLR. You may not make an export or re-export contrary to the provisions of part 746 (Embargos and Other Special Controls) of the EAR and 22 CFR part 126.1 of the ITAR.]
EAR Controlled	<input type="checkbox"/>	This document is within the purview of the Export Administration Regulations (EAR), 15 CFR 730-774, and is export controlled. It may not be transferred to foreign nationals in the U.S. or abroad without specific approval of a knowledgeable NASA export control official, and/or unless an export license or license exception is obtained/available from the Bureau of Industry and Security, United States Department of Commerce. Violations of these regulations are punishable by fine, imprisonment, or both.
ITAR Controlled	<input type="checkbox"/>	This document contains information which falls under the purview of the U.S. Munitions List (USML), as defined in the International Traffic in Arms Regulations (ITAR), 22 CFR 120-130, and is export controlled. It shall not be transferred to foreign nationals, in the U.S. or abroad, without specific approval of a knowledgeable NASA export control official, and/or unless an export license or license exemption is obtained/available from the United States Department of State. Violations of these regulations are punishable by fine, imprisonment, or both.

REPRODUCTION AND DISTRIBUTION INSTRUCTIONS

KSC FLOORING STANDARD

EAR 99 -- NO LICENSE REQUIRED

The information contained in the document is technical in content, but not technical data as defined by the International Traffic in Arms Regulations (ITAR) or the Export Administration Regulations (EAR), and therefore is EAR 99 NLR, no export license required, suitable for public release. [General Prohibition Six (Embargo) applies to all items subject to the EAR, (i.e., items on the CCL and within EAR 99 NLR). You may not make an export or re-export contrary to the provisions of part 746 (Embargos and Other Special Controls) of the EAR and 22 CFR part 126.1 of the ITAR].

KSC FLOORING STANDARD

1. SCOPE

It is NASA policy to utilize consistency during the selection and standardization of materials for construction at KSC. This document provides clarifications of the requirements and recommended material choices for flooring within new construction or renovation/revitalization projects at KSC.

2. APPLICABLE DOCUMENTS

Not Applicable.

2.1 Governmental

Source Organization

KSC-TA-10987

Kennedy Space Center Flooring Study

(Copies of specifications, standards, drawings, and publications required by suppliers in connection with specified procurement functions should be obtained from the procuring activity or as directed by the Contracting Officer.)

2.2 Non-Governmental

Not Applicable.

3. DEFINITIONS

Not Applicable.

4. GENERAL REQUIREMENTS

This KSC Standard applies to all NASA KSC Facilities, including component facilities, and to contractors or other entities that create and/or maintain facilities within the KSC property, or on behalf of, NASA as specified in their contract or other federal agreement.

5. DETAILED REQUIREMENTS

For new construction and/or substantial modifications, utilize the following materials:

Offices (enclosed and open areas)

General Office Area:

Resilient flooring

Senior Executive Office:

Resilient flooring and/or carpet

Ancillary Spaces (file/copy rooms, custodial service/janitorial closets, electrical and telecommunication areas, computer server rooms, main distribution frame (MDF) rooms)

Resilient flooring, resinous coatings or sealed concrete

Mechanical Rooms

Sealed concrete or resinous coatings

Public Spaces

Entrance/lobby, circulation, restroom, and food service areas:

Ceramic tile, resilient flooring or polished concrete

Fitness Center:

Athletic flooring systems or resilient flooring

Laboratory

Resilient flooring, resinous coatings or sealed concrete

Conference Room

Resilient flooring or carpet

Industrial/Shop Area

Sealed concrete or resinous coating

Storage

Warehouse

Sealed concrete or resinous coating

Office goods, miscellaneous equipment and supply storage

Resilient flooring or sealed concrete

6. NOTES

6.1 General

Not Applicable.

6.2 Intended Use

The NASA Construction of Facilities Division is delegated authority to implement, oversee, and manage this standard pursuant to KSC policy.

NOTICE. The Government drawings, specifications, and/or data are prepared for the official use by, or on behalf of, the United States Government. The Government neither warrants these Government drawings, specifications, or other data, nor assumes any responsibility or obligation, for their use for purposes other than the Government project for which they were prepared and/or provided by the Government, or any activity directly related thereto. The fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded, by implication or otherwise, as licensing in any manner the holder or any other person or corporation nor conveying the right or permission to manufacture, use, or sell any patented invention that may relate thereto.

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

INSTRUCTIONS

1. The preparing activity must complete blocks 1, 2, 3, and 8. In block 1, both the document number and revision letter should be given.
2. The submitter of this form must complete blocks 4, 5, 6, and 7.
3. The preparing activity must provide a reply within 30 days from receipt of the form.

NOTE: This form may not be used to request copies of documents, nor to request waivers or clarification of requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document or to amend contractual requirements.

I RECOMMEND A CHANGE:	1. DOCUMENT NUMBER	2. DOCUMENT DATE
3. DOCUMENT TITLE KSC Flooring Standard		
4. NATURE OF CHANGE <i>(Identify paragraph number and include proposed rewrite, if possible. Attach extra sheets as needed.)</i> Creation of the associated standard.		
5. REASON FOR RECOMMENDATION To increase sustainability of KSC facilities.		
6. SUBMITTER
